

WARRIOR TRAILS

By Robin Newcomer

This Saturday the Warrior Varsity Band, led by drum major Rocky Westlake, and the Warriorettes, led by team captain Janet Allen, will participate in the 20th Annual Huntington Beach Invitational Band Review. The 77-piece marching band, along with the drill team, flag twirlers, and majorettes will parade down Huntington Beach Boulevard to the music. Invercar-gil.

Don't forget to turn the dial on your TV set to Scholar Quiz on Saturday and watch The Mighty Four—Wayne, Dave, Steve and Neil—beat the Rosemead team 175-84. A special feeling of victory will be present as you see West prove it's best in another area of school competition.

Speaking about being "best"—last week six football players were named on the All League Team! Even though our record wasn't as good as we would have liked, Lawn-dale, the Pioneer League Champion, was the only school with more boys on the team. Congratulations to Dave Boyd, Allen Coward, Bill Breitzman, Joel Hons, Steve Renz and Steve Sir-ridge.

TONIGHT OUR basketball team plays its first game in the Pacific Shores Tournament at Mira Costa. The tournament ends Saturday. Let's not let our team down—attend the basketball games with lots of winning spirit.

The excitement of choosing Senior emblems mounted last week as the juniors chose their senior ring. The ring is circular with a "W" in the center. The senior sweater emblem contest ended Tuesday and voting for the style of sweater will take place soon.

Show Highlights Christmas Stars

Heralding the Christmas season, a new show "Christmas Stars" will bow in at Griffith Park Observatory's planetarium theater, Tuesday, Dec. 13, the Los Angeles City Recreation and Parks Department announced today.

Meanwhile, the current presentation "A Trip to Jupiter and Saturn" will be offered through Sunday, according to Dr. Clarence H. Clemminshaw, observatory director, who advised there are no shows at the scientific center on Mondays.

Current show coincides with the fact that the two largest planets, Jupiter and Saturn, are both in the November-December sky and can be seen by telescope, with Jupiter rising in the east just before midnight and Saturn setting in the west a few hours later, Dr. Clemminshaw said.

Regular admission to planetarium shows is 75 cents for adults and 30 cents for students under 18 years of age.

Highlight of the presentation, after a study of the nine planets in the solar system, is a simulated trip for a close up study of the two famous planets, accomplished by means of the ingenious Zeiss projector.

THROUGHOUT the fall, winter, and spring, planetarium theater shows are scheduled at 3 and 8:30 p.m., daily except Mondays. Extra matinees are given on Saturday and Sundays, at 1:30 and 4:30 p.m.

DO YOU realize there are only two and a half weeks until Christmas Vacation? That's right—only 13 more days and school is out for two carefree weeks!

Although teachers will be giving pre-vacation tests and assignments, the music groups will relieve your mind at their fifth annual Christmas Concert and the newspaper staff is working on an eight-page Christmas edition of Smoke Signals. So take heart—the Christmas Spirit is upon you.

Trail's End!

The Well Known Rings of Saturn, ordinarily a striking spectacle, are nearly invisible in the telescope, because of being in edgewise position to us now. Dr. Clemminshaw explained this happens about once every 15 years.

Supervisor Warren Dorn has been elected second vice president of the County Supervisors Association of California. He is the first Los Angeles County official to be named to an executive post in the association since 1945.
